

Provisionally registered rongoā Māori vendors

Last updated: 4 April 2022

The practitioners listed have been endorsed by rongoā mentors and mana whenua, and are therefore provisionally registered to provide ACC services. This list will change as we make improvements to our registration process, and new practitioners complete their registration.

Please note: Additional practitioners may be available through our Recovery teams; some may not be listed due to inactivity or preferring not to share their contact details online.
